

DRESS CODE

It is important for students to dress appropriately for dance class. Wearing the correct leotard and tights allows the teacher to see their lines and technique. Dance shoes are very important for a dancer's safety and education. Please buy shoes that fit properly and are not too big, as this can cause injury. It is important for all dancers to wear their hair pulled into a ponytail or bun. For short hair that does not reach the shoulders, secure hair with a headband or barrettes to keep hair out of the face.
